Services limited at County Motor Vehicle Offices on Monday, Nov. 10 *Vehicle titles will be issued but not printed due to statewide computer system upgrade*

LITTLETON, CO – Arapahoe County's Motor Vehicle Offices will not be able to print over-the-counter or duplicate titles on Monday, Nov. 10, while the State of Colorado completes a network upgrade to the Colorado State Titling and Registration System. New and duplicate title transactions can still be completed; however titles will be mailed by the Department of Revenue at a later date. Citizens are encouraged to plan accordingly.

During this upgrade, citizens will still be able to register their vehicle in-person at County offices, or renew their motor vehicle registration online at www.colorado.gov/renewplates.

Arapahoe County offices will be closed Tuesday, Nov. 11 in observance of Veterans Day. Full Motor Vehicle services are expected to resume on Nov. 12.

For more information about motor vehicle titling and registration services, or for addresses and hours of our branch locations in Aurora, Byers, Centennial and Littleton, please call 303-795-4500 or visit www.arapahoegov.com.
