Quincy Avenue/Gun Club Road intersection improvement project in final design stage; public meetings held in 2016

Littleton, CO – Arapahoe County Public Works and Development, in conjunction with the City of Aurora, is working on a final design for improvements to the intersection of Quincy Avenue and Gun Club Road.

The total project cost is estimated to be \$12.7 million and will include construction of a partial continuous flow intersection. The benefit of a partial continuous flow intersection is that the north/south left turn movement on Gun Club Road is accommodated at the same time the north and southbound through movements are occurring on Gun Club Road. This will significantly help traffic flow through the intersection.

Construction is estimated to begin in 2017 and public meetings will be held summer 2016. More information on this project can be found at www.arapahoegov.com/index.aspx?nid=1570

The Arapahoe County Public Works and Development Department is located at 6924 S. Lima St., Centennial 80112. For more information about this and other projects, please call 720-874-6500 or visit Public Works and Development at www.arapahoegov.com.
