PK Kaiser is serving his first full term as the Arapahoe County Assessor. He was elected by voters in November 2018.

As a public servant, small business owner and real estate professional, PK has gained the knowledge and experience necessary for the position of Arapahoe County Assessor. PK leads the management and operations of the Assessor's Office, which is responsible for discovering, listing, classifying and valuing all taxable real and personal property within the county, consistent with state statute.

His goal is to produce the tax warrant with fair and equalized property values, helping the county achieve its goals of efficiency, transparency and accountability. PK believes there are workable solutions to address the challenges presented by a growing population and robust economy for the issues we are facing today.

Prior to being elected, PK worked for several state and local government agencies, and managed a real estate brokerage company. His rich campaign experience seeking positions with Arapahoe County, the City of Aurora, and the Colorado State House reaffirmed his commitment to public service and the community in which he lives.
